

Table of Contents

Introduction.....	ix
Chapter 1. Principles of Human-Scale Communities	
Principles of human-scale communities	1-2
The neighborhood vs. CSD.....	1-3
Enclosure of the public realm	1-4
The Transect.....	1-5
The Charter of the New Urbanism	1-7
Traditional neighborhood development	1-9
Transect zones placed in the neighborhood	1-10
Comparing suburban to urban building types.....	1-11
Chapter 2. Shaping the Region	
New Urbanism shapes regional plans.....	2-2
Regional and large-scale new urban planning initiatives	2-4
Transportation’s critical role	2-6
Chapter 3. Neighborhood-Scale Communities	
Neighborhood-Scale Communities.....	3-2
Selected projects.....	3-3
Chapter 4. Revitalizing Cities and Towns	
Revitalizing cities, suburbs and towns.....	4-2
New urban principles and public housing.....	4-3
Bringing downtown back through design.....	4-5
A dense new neighborhood	4-5
Suburban infill	4-6
Reclaiming the center	4-6
Eight keys to waterfront renaissance.....	4-8
CHAPTER 5. Main Street Retail	
New urban retail development.....	5-2
Controlling main street costs with tilt-up construction.....	5-4
Town centers: commercial lease performance.....	5-5
The stand-alone store	5-5
Small centers.....	5-6
Mid-size centers	5-7
Large centers.....	5-9

Creating a mix of local, regional, and national stores	5-12
Tips on new urbanist retail development.....	5-12
Fitting big boxes on main streets	5-13
Making big boxes more civil	5-15
Retrofitting malls.....	5-16
Retail developments in new urban projects	5-18
Design guidelines for main streets	5-20

Chapter 6. The Human-Scale Workplace

The human-scale workplace.....	6-2
Assembling the building blocks	6-4
Key issues for office parks and mixed-use centers.....	6-5
Flex houses: mixed use on a small scale.....	6-6
Examples of mixed-use floorplans.....	6-7

Chapter 7. Planning and Transit

Planning and transit.....	7-2
Examples of TODs nationwide	7-4
Principles of transit-oriented development.....	7-5
General guidelines for the TOD	7-6
Guidelines for the mixed-use core of the TOD.....	7-6
Incorporating buses into the New Urbanism	7-9
Most new urban communities get bus service	7-11
Bus service in selected NU projects (2002).....	7-11

Chapter 8. Streets

Context-sensitive design makes headway with planners and engineers	8-2
Defining context-sensitive design.....	8-3
The 'road diet'.....	8-4
Solving the functional classification problem.....	8-4
SmartCode street standards.....	8-6
Traditional neighborhood development street design guidelines.....	8-7
Providence thoroughfare standards	8-11
Curb return radius — a brief discussion	8-21
The physics of street design.....	8-21
Design matrix for commercial streets	8-22
Narrow streets are the safest	8-23
Narrow streets add value.....	8-24
Traffic calming.....	8-25
Study demonstrates roundabouts' safety	8-27
Streets and fire trucks: Designing for emergency response	8-28

Chapter 9. Civic Buildings

Civic uses and the New Urbanism	9-2
Stapleton gets multistory schools	9-4
Other schools in new urban communities	9-5
Bringing the post office downtown	9-7
New urban school prototype.....	9-7
Civic buildings from a legal perspective	9-8

Chapter 10. Codes and Regulations

Urban and architectural codes and pattern books	10-2
Regulating plans.....	10-3
Urban regulations	10-4
Architectural codes	10-4
Pattern books	10-5
Other techniques.....	10-6
Model codes.....	10-7
Implementation.....	10-7
Zoning and planning codes promoting New Urbanism	10-8
Transect-based zoning as a tool for close-in areas.....	10-9
TND code and smart growth initiatives	10-10
Fort Collins' shift to denser development.....	10-11
Overcoming impediments to implementation of New Urbanism	10-11
Arboleda's Transect-based code	10-15
LCA development standards.....	10-20
Pattern book samples.....	10-41

Chapter 11. Legal Issues and Planning

Legal planning for new urban communities.....	11-2
Keeping it legal: a survey of federal laws affecting new urban communities	11-8

Chapter 12. Charrettes: Organization and Techniques

The charrette as an agent for change	12-2
Notes on the conduct of charrettes	12-6

Chapter 13. Identifying the Market

America must urbanize as the population ages	13-2
Factors leading to demand for walkable neighborhoods.....	13-3
Consistent demand found for walkable neighborhoods	13-3
Relative preference for New Urbanism	13-6
Mixing housing types in TNDs.....	13-6
The importance of maintaining flexibility	13-9

Chapter 14. Finance: Sources, Strategies, and Returns

Investing in new neighborhoods	14-2
Albuquerque booms in new urban fashion	14-4
Foundations eye investment potential.....	14-6
Individual investors can profit from New Urbanism.....	14-7
Strong returns and high design standards.....	14-10
Fairview Village: the full mix in a small package.....	14-12
Profitable infill: Trinity Heights case study	14-13
Case study: West Bend Village	14-14
Village-style development pays, according to study.....	14-15
Mixed use is obstacle to financing, study finds.....	14-17

Chapter 15. Affordability: Assessing and Managing Costs

Making mixed-income housing work: the low-income units have to look good	15-2
Keys to affordability	15-3
Factory-built neighborhood	15-5
Other cost-saving measures/Siding and window considerations.....	15-7
Low cost housing makes a nice streetscape/Affordability and beauty	15-9
Tips for TNDs on a budget/Affordability requirements and other programs.....	15-10

Chapter 16. Building It: Concepts, Methods, and Materials

Three Ps of home design	16-2
Materials and design details	16-4
Raising the bar for production builders	16-8
Facade design	16-9
Site design	16-10
The 17 building types of traditional neighborhoods.....	16-11
Getting the porch right.....	16-13
Home plans for new urban neighborhoods.....	16-13
Portsmouth Design Guidelines (vernacular building styles)	16-13

Chapter 17. Special Development Issues

Granny flats add flexibility and affordability.....	17-2
Accessory dwelling units (ADUs) in selected projects	17-3
ADU according to the SmartCode.....	17-5
Parking ratios.....	17-5
Navigating the public works and utility minefield.....	17-6
The visitability challenge	17-8
TND development tips.....	17-11

Chapter 18. Sales and Marketing

Sales: tracking the progress	18-2
------------------------------------	------

Estimated premiums in new urban communities	18-2
Home sales in selected new urban communities.....	18-3
Key product and pricing strategies for TNDs	18-5
Marketing TNDs: Selling choice and experience	18-6
Tips on marketing TNDs	18-10

Chapter 19. Building Community

Building community: the track record.....	19-2
Orenco Station study	19-3
Insights from the front porch	19-3
Celebration residents report quality-of-life benefits.....	19-5
Safety by design	19-5
Cohousing meets the New Urbanism	19-6
Building social capital through CSOs.....	19-7

Chapter 20. Environment and Health

Urbanism and the environment	20-2
Land use	20-2
Protection of watersheds and water resources	20-3
Comprehending density.....	20-3
Automobile use/dependence	20-4
Energy use	20-5
Energy-efficiency tips.....	20-5
Coastal areas.....	20-6
Human health issues.....	20-6
Sustainable development meets the New Urbanism.....	20-7
Vernacular and earth-friendly	20-9

Chapter 21. Smart Growth

Smart growth: public policy support for New Urbanism.....	21-2
Leading smart growth program in doubt	21-2
Sprawl: the real Jersey Devil?	21-3
State takes the lead on codes	21-3
Three initiatives in 2003	21-4
Backlash: organized attack on smart growth	21-4

Chapter 22. New Urbanism in Canada and Abroad

A move away from the suburban edge in Canada.....	22-2
The good, the decent and the ugly.....	22-4
Garrison Woods: a new model for Canadian infill.....	22-6
Golf course, industry buttress Montreal's Bois-Franc.....	22-9
Europeans confront sprawl much like Americans	22-10
Declaration of Bruges.....	22-11

New Urbanism makes inroads in Germany	22-11
Smart growth down under	22-13
Key new urban projects in Australia, New Zealand.....	22-16
New direction for New Bombay	22-16

Chapter 23. Resources

Periodicals	23-2
Organizations.....	23-2
NU Practitioners and consultants.....	23-2
Developers	23-6
Education/research centers.....	23-7
Books	23-8
Other print resources	23-11
Electronic resources	23-12
Home plans	23-13

Appendix A

New urban projects on a neighborhood scale in the US	A-1
